

AVG Anti-Virus & Firewall 9.0

Surf the web with confidence

AVG Anti-Virus & Firewall lets you surf and search the web, download files, chat and social network without worrying that a hacker could get at your personal information or even hijack your computer and take control of it from afar.

With AVG Anti-Virus & Firewall, you get all the protection of AVG Anti-Virus with the added benefit of AVG's newly-enhanced firewall to ensure your digital life is safe from hackers. Plus you get LinkScanner®, the leading protection against dangerous websites, to ensure you don't accidentally visit harmful websites.

It's faster, smarter security that won't slow you down.

Stay safe from hackers with our new unobtrusive firewall and NEW enhanced phishing protection

Enjoy consistently high speed scanning performance with our NEW enhanced virus scanner

All this plus free online expert support around the clock and around the globe

Features

Surfing and searching the web, social networking

LinkScanner® Active Surf-Shield Ensures every web page you visit is safe – even before you go there
